Weight: 51kg

Dimensions: 80x45x64cm

Diameter discs: 110mm

Thickness A-0502: 5mm

Thickness A-0503: 10mm

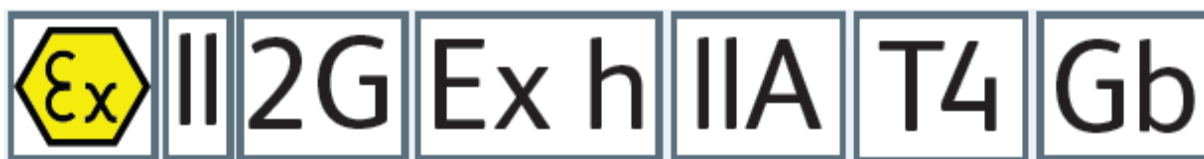

Estimated lifetime disc A-0502: 12 meters on a 8mm plate

Estimated lifetime disc A-0503: 12 meters on 8 -12mm welds

Freehand cutting depth A-0502: up to 15mm

Max cutting depth A-0502: up to 30mm with special magnet fastener designed for plate and pipe work

ATEX MARKING GAS:

ATEX MARKING DUST:

The solution contains:

– Cutting discs

A-0502 – Cutting disc

A-0503 – Weld removal disc

– Airtools

A-0105 Fuji Angle Grinder (FCD-10X-52) **(2 PCS)**

– Special helping tools

A-0310 Water Control Box

– Accessories

- A-0071 Armoured hose
- A-0073 – Cutting Guard
- A-0074 Covering Weldseam Fuji
- A-0077A – Chuck plate front – Fuji
- A-0077C – Chuck plate back – Fuji
- A-0079 Nozzle with connector **(2 pcs)**
- A-0086 STA Cutting and Weldseam Pelicase
- A-0204 – Thin Spanner 19mm
- A-0206 – Chuck key
- A-0208 – Spanner 22mm
- A-0209 Spanner 36mm Thin

– Documents

- DNV certificate
- EC-Declaration
- User manual
- Quality Control Checklist
- Parts Lists for Air Tools
- Risk Analysis for Air Tools
- Ex-Tools and Clamping Tools

Free included special helping tools

A-0410 Pendulum arm

A-0420 (Cutting Guide Compact *Without magnet*)
